DETAILED ACTION

1. This Office Action is in response to 12/11/2006 & 01/08/2007. Receipt of a certified copy of the European Application No. 00203024.5 filed August 31.2000 is noted.

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter:

Regarding independent claims 1 and 5, as Applicant has noted on page 6, 1st paragraph, Walters, Patel, Hoskins, and other cited prior arts, fail to teach or suggest the limitations as recited, nor does the combination of cited prior art render obvious, when taken in the context of the claims as a whole:

“a virtual machine interpreter, comprising a hardware pre-processor...arranged to identify an initial virtual machine instruction from a body of successive ones of the selected virtual machine instructions, where the body is expected to be executed repeatedly...to write native instructions for the body...to execute the native instructions for the body...to repeat execution of the native instructions for the body...”

Thus, remaining dependent claims, claims 2, 4, 6, and 8, are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
